

Oracle Report Implementation

VIP SOLUTIONS CASE STUDY

VIP

BACKGROUND

The VIP Solutions team assessed our client's Oracle reporting needs and coordinated with their internal team and implementation team to build reports for functions across the organization.

OBJECTIVES

-  Assess Oracle reporting deficiencies
-  Establish control of financial management and treasury
-  Prepare transition plan for accounting processes and systems

SOLUTIONS

-  Created 37 reports from Oracle FRS, XML Publisher, and Transactional Business Intelligence

**Manufacturing
INDUSTRY**
